Effects of Incarceration

Please join us for a special event on offender re-entry into society. Topics include *Mass Incarcerations and the Prospects for Reform* (Bruce Western), *Life after Life Imprisonment* (Marieke Liem), and *the Nonprofit and its Clients* (Jonathan Mijs). These presentations will be followed by a panel discussion with Lyn Levy, Gary Little and John Christian.

Keynote speaker Bruce Western is Professor of Sociology and Director of the Malcolm Wiener Center for Social Policy at the Harvard Kennedy School of Government. Western's recent work has focused on the link between social inequality and the growth of prison and jail population in the United States. He finds that the penal system has become a common presence in the lives of poor Americans, with lasting effects on their life chances.
